

Future Topics

The following list is at best “tentative” depending also on the availability of presenters, and the extent to which members volunteer to present other topics.

It is a list based on the results of our last survey of members:

System Preferences and Utilities; Backing Up and External Storage; Maintenance and Troubleshooting; iMovie/iDVD; More on Disk Utilities; Producing calendars/cards/books with iPhoto; iWork; The Finder, Dock, Dashboard, Desktop and Toolbar
